## BOARD ACTION JUNE 21, 2005

	Reception for New County Manager, Cindy Hall	
CONSENSUS	Commr. Cadwell reported that some of the cities throughout the State and in Lake County are looking at some of those zoning rules in regards to the sexual predators, and he would hope that they would wait and let our County and City attorneys talk about this issue. The County has an obligation to protect everybody in Lake County, and he feels that some of the laws that have been passed are not going to stand up in court and, since this is a countywide issue, he would suggest that the County Attorney and city attorneys discuss this issue first and see if there is anything they need to do to strengthen the rules. 	Mr. Jay Crawford, Country Club of Mount Dora, asked the Board	
	for their support in erecting a noise abatement wall for a three-	
	tenths of a mile in an area adjacent to the Country Club of Mount	
	Dora when Britt Road is improved.	
	M FIG 1 C 4 CH (M 4 P 1 1 14 41)	
	Mr. Ed Gresham, Country Club of Mount Dora, explained that his	
	home backs up to Britt Road, and he asked the Board for their	
	support of the noise abatement wall, as noted.	
	It was noted that Public Works will address this during the design	
	phase.	
	Mr. Roy Hunter discussed 3-1-1 – the direct line to local	THORBURN
	government services.	
	Mr. Bruce Thorburn, Public Safety Communication Systems	
	Director, explained that there was a 2-1-1 bill (non-emergency 9-1-	
	1 system for medical/health or community affairs issues) passed in	
	the legislature this year with \$5 million of seed money, which will	
	not even pay for the Dade County system that is already in place.	
	There is a coalition that has legislation which is the exact legislation	
	that the County used in 1974 for 9-1-1 that imposes 50 cents on	
	phone bills for 3-1-1, and the coalition is going to be voting in July	
	to take this legislation forward and he will make sure that the Board	
	members get copied on it. If 3-1-1 is funded properly they can very	
	easily incorporate the 2-1-1 function into the same call center.	
	Mr. Travis Whigham wanted to 1) thank Commr. Cadwell for bringing forth the issue concerning sexual predators noting his	
	concern that, if the cities force them out, then they will come to the	
	County region; 2) the Lake Emma Road project will be coming to	
	the Board on July 12, 2005 and he wanted to thank the Board; 3) he	
	wanted to suggest that the developers pay for 100% of the impact	
	from rezoning projects and changing land; he wanted to know if	
	there was a way to legally get a new school superintendent and to	
	address the impacts that the new Comprehensive Plan will have on	
	a lot of the properties being developed, and the Board suggested	
	that he get his comments to Ms. Amye King in Growth	
	Management.
